

'THE JAM, THE MIX, THE GIG' Inc.

'Music & Mental Health Program'

ABN: 27 514 998 443

JMG PROGRAM UPDATE @ 27/11/22

The Jam, The Mix, The Gig (The JMG) music & mental health Program is suspended until further funding is secured.

At The JMG Annual General Meeting on November 6th, 2022, JMG members voted strongly to continue the fight to secure full funding for our annual Program.

After 17 years, The JMG has clearly demonstrated its value in contributing to mental health recovery and management, enabling people to rebuild their lives through involvement in our positive and inclusive music Program.

With an even greater emphasis on mental health due to the effects of the Covid-19 situation, it is crucial for State and Federal Governments not just to increase funding for managing and responding to mental health crisis (as vital as this is), but to properly fund Programs such as The JMG that help prevent crisis or assist in recovery from this.

The JMG Board and JMG members will continue its campaign for the SA Government, especially through SA Health & Wellbeing, to recognise and value this – and take the step to fully fund The JMG along with other worthy Programs.

The JMG will update you on any future developments and we thank you for your support of The JMG Program.

Warm Regards,

Martin Coghlan
Board Secretary
The Jam, The Mix, The Gig Inc.
